Inspection Type:	Announced Annual	**Date:**	2/10/2026	**Time Started On-site:**	10:30 AM	**Time Ended On-site:**	3:15 PM
Number of Items Under Review:	0	**Name of Individual Informed of this Inspection:**		Seth Geisler			
Licensor(s) Conducting this Inspection:	Josilyn Bertrand, Mary Bokinskie, Rob Jones			**OL Staff Observing Inspection:**			

General Provisions - Inspection Checklist

(Revised Jan 2026)

R = Reviewed.
UR = Under Review. Under Review indicates evidence of potential noncompliance.
NA = Not Assessed during this inspection.

New and Renewal Licensing Procedures	R	UR	NA	Corrected During Inspection	Technical Assistance Given	Notes
R380-600-3(1) Until a license or certificate is approved by OL, an applicant or provider may not: (a) accept any fee; (b) enter into any agreement to provide a client service; or (c) provide any client service.	☐	☐	☑	☐	☐	This home has not been used in over two years. File review for the program was completed for the Gray house.
R380-600-3(3) An applicant or a provider shall permit the office to have immediate, unrestricted access to: (a) any unaltered on and off-site program or facility and client records; (b) each client who independently consents to speak to OL staff; (c) each site subject to licensing or certification; and (d) each staff member.	☐	☐	☑	☐	☐	This home has not been used in over two years. File review for the program was completed for the Gray house.
R380-600-3(4) A provider may not permit a staff or client to threaten, verbally or physically abuse, or use violence of any kind while interacting with a representative of the department.	☐	☐	☑	☐	☐	This home has not been used in over two years. File review for the program was completed for the Gray house.
R380-600-3(15) The license or certificate holder shall adhere to any individualized parameter on a program or facility license or certificate to promote the health, safety, and welfare of any client. Parameters may include: (a) adequate square footage to determine capacity; (b) an admission or placement restriction; or (c) an age restriction.	☐	☐	☑	☐	☐	This home has not been used in over two years. File review for the program was completed for the Gray house.
R380-600-3(18) Unless previously approved by OL to provide services before receiving a license or certificate for special circumstances, a provider must submit an application, any required fee, and obtain a new or a renewed license or certificate before providing any service that requires a license or certificate.	☐	☐	☑	☐	☐	This home has not been used in over two years. File review for the program was completed for the Gray house.
R380-600-3(25) The provider shall post their current license or certificate, except in a foster home, on the premises in a place readily visible and accessible to the public.	☐	☐	☑	☐	☐	This home has not been used in over two years. File review for the program was completed for the Gray house.
R501-14-3(1) A provider representative shall ensure that an applicant for an initial background check completes the required application fields and disclosure statements to authorize OBP's continual monitoring of the applicant's fingerprints and applicable state registries.	☐	☐	☑	☐	☐	This home has not been used in over two years. File review for the program was completed for the Gray house.
R501-14-4(3)(a) The provider representative shall keep the program's roster and employee information current in DACS. **(b)** The provider representative shall check the roster at least monthly to verify employee information and the employment of employees due for a renewal review.	☐	☐	☑	☐	☐	This home has not been used in over two years. File review for the program was completed for the Gray house.
R501-14-5(2)(a) The provider representative shall submit a background check application for each applicant for an initial background check no later than two weeks from the date the applicant becomes associated with the licensee, certification, or contract. **(b)(i)** The provider representative shall ensure an applicant is directly supervised until OBP issues a conditional or eligible clearance determination. **(ii)** The provider representative shall document how the applicant remains supervised for the entirety of the applicant's supervised employment term before receiving a clearance determination.	☐	☐	☑	☐	☐	This home has not been used in over two years. File review for the program was completed for the Gray house.

R501-14-5(5)(a) The provider representative may not allow an applicant whose background check application is denied to have any supervised or unsupervised direct access to clients unless: **(i)** OBP approves a subsequent application; or **(ii)** the denial is overturned in an administrative hearing or by the OBP director. **(b)** The provider representative shall ensure an applicant initiating an appeal of a denied application works under direct supervision until OBP issues a determination regarding the appeal.	☐	☐	☑	☐	☐	This home has not been used in over two years. File review for the program was completed for the Gray house.
Variances	**R**	**UR**	**NA**	**Corrected During Inspection**	**Technical Assistance Given**	**Notes**
R380-600-6(5) The provider shall sign the approved variance and comply with the terms of the written variance, including any conditions or modifications contained within the approved written variance.	☐	☐	☑	☐	☐	This home has not been used in over two years. File review for the program was completed for the Gray house.
Inspection and Investigation Process	**R**	**UR**	**NA**	**Corrected During Inspection**	**Technical Assistance Given**	**Notes**
R380-600-7(16) When a critical incident occurs under the direct responsibility and supervision of the program or facility, the provider shall: (a) submit a report of the critical incident to OL in a format required by OL within one business day of the critical incident occurrence; (b) additionally ensure any allegation of an incident of abuse, neglect, or exploitation of a client is reported to DCFS for a minor client or APS for an adult client and law enforcement within 24 hours; (c) notify the parent or legal guardian of each involved client within a 24-hour period from the time of the incident; (d) if the critical incident involves any client in the custody of the department or under contract with the department, notify the involved department division immediately; and (e) collect, maintain, and submit original witness statements and supporting documentation, including video footage if available, regarding each critical incident to OL upon request.	☐	☐	☑	☐	☐	This home has not been used in over two years. File review for the program was completed for the Gray house.
Program Policies, Procedures, and Safe Practices	**R**	**UR**	**NA**	**Corrected During Inspection**	**Technical Assistance Given**	**Notes**
R501-1-4(2) The licensee shall develop, implement, and comply with safe practices that: (a) ensure client health and safety; (b) ensure the needs of the client population served are met; (c) ensure that none of the program practices conflict with any administrative rule or statute before implementation; and (d) inform staff of how to manage any unique circumstances regarding the specific site's physical facility, supervision, community safety, and mixing populations.	☐	☐	☑	☐	☐	This home has not been used in over two years. File review for the program was completed for the Gray house.
R501-1-4(3) The licensee shall submit any change to an office approved policy or curriculum to the office for approval before implementing the proposed change.	☐	☐	☑	☐	☐	This home has not been used in over two years. File review for the program was completed for the Gray house.
Residential Programs Additional Safe Practices	**R**	**UR**	**NA**	**Corrected During Inspection**	**Technical Assistance Given**	**Notes**
R501-1-5(1) A licensee that manages, stores, or administers client medications shall develop and ensure compliance with the following medication management safe practices: (a) inform staff and clients of program and client responsibility for medication including storage and administration of medications on-site and, as applicable, when staff and clients are offsite in program related activities; (b) if applicable, inform staff and clients of the medication self-administration process; (c) if storing and administering medications, train staff to administer medication and the process to be followed; (d) how staff record medication dosages according to prescriptions; (e) how staff monitor for and record effects and side effects of medications; and (f) how staff log doses and record and report medication errors.	☐	☐	☑	☐	☐	This home has not been used in over two years. File review for the program was completed for the Gray house.

R501-1-5(2) The licensee shall ensure the care, vaccination, licensure, and maintenance of any animals on-site to include: (a) assessment of pet allergies for any clients interacting with animals in the program; (b) maintenance of required examinations, registrations, and vaccinations; and (c) supervision of clients in the presence of animals.	☐	☐	☑	☐	☐	This home has not been used in over two years. File review for the program was completed for the Gray house.
R501-1-5(4) The licensee shall ensure that a ratio of one staff to one client during transports is only utilized when the program has conducted a safety assessment that indicates that client and staff safety is reasonably assured.	☐	☐	☑	☐	☐	This home has not been used in over two years. File review for the program was completed for the Gray house.
Program Administrative and Direct Service Requirements	**R**	**UR**	**NA**	**Corrected During Inspection**	**Technical Assistance Given**	**Notes**
R501-1-6(1) The licensee shall clearly identify services to the office, public, potential client, parent, or guardian regarding: (a) current and accurate contact information; (b) the complaint reporting and resolution process; (c) a description of each service provided; (d) each program requirement and expectation; (e) eligibility criteria outlining behavior, diagnosis, situation, population, and age that can be safely served, including: (i) an outline of the behaviors and presenting issues that would be reason for discharge or exclusion from the program; and (ii) a statement that the program may not take placement of a child whose needs exceed the scope or ability of the program to reasonably manage; (f) each cost, fee, and expense for a service and refund policy; and (g) identification of each non-clinical, extracurricular, or supplemental service offered or referred.	☐	☐	☑	☐	☐	This home has not been used in over two years. File review for the program was completed for the Gray house.
R501-1-6(2) The licensee shall post the following in conspicuous places where each visitor, staff, and client may view: (a) abuse reporting laws as described in Sections 80-2-609 and 26B-6-205; (b) civil rights notice; (c) Americans with Disabilities Act notice; (e) any office notice of agency action; (f) a client rights poster in a residential setting except in a foster home or where prohibited by Settings Final Rule; and (g) department code of conduct poster.	☐	☐	☑	☐	☐	This home has not been used in over two years. File review for the program was completed for the Gray house.
R501-1-6(3) The licensee shall maintain compliance with or documentation of an exemption from any of the following requirements: (a) a food handler permit for any person preparing meals for any other person; (b) capacity determinations that include each staff and client on premises and may not exceed the capacity limits placed by local authorities; (c) fire clearance, if conducted separately from a business license; (d) licensure and registration of any vehicles used to transport clients.	☐	☐	☑	☐	☐	This home has not been used in over two years. File review for the program was completed for the Gray house.
R501-1-6(5) The licensee shall maintain and make the following available to the department upon request: (b) general liability insurance; (c) professional liability insurance; (d) vehicle insurance; (e) fire insurance; and (f) additional insurance as required to cover each program activity.	☐	☐	☑	☐	☐	This home has not been used in over two years. File review for the program was completed for the Gray house.

R501-1-6(6) The licensee shall ensure: (b) current staff and client lists are available at each licensed site; (c) the organizational and governance structure of the program is available to the department upon request and includes: (i) line of authority and responsibility; (ii) a job description, including each duty and qualification for each job title; and (iii) notification to the office of any program changes as described in Section R380-600-3; (d) a quality improvement plan that is implemented and followed and that incorporates, at a minimum, client and staff grievances, feedback, trends in licensing noncompliance and incident reports; (e) the licensee provides an interpreter or refers each client to appropriate resources as necessary to communicate with the client; (f) the licensee maintains an opioid overdose reversal kit on-site with on duty staff trained in its use if the licensee is serving, or is likely to serve, a client with a substance use disorder.	☐	☐	☑	☐	☐	This home has not been used in over two years. File review for the program was completed for the Gray house.
R501-1-6(7) A licensee serving education entitled children shall comply with Section 26B-2-116 regarding coordination of educational services to include completion of youth education forms at initial and renewal licensure.	☐	☐	☑	☐	☐	This home has not been used in over two years. File review for the program was completed for the Gray house.
R501-1-6(8) A licensee offering school on-site shall: (a) maintain the established staff to client ratio with behavioral intervention trained staff in the school setting; (b) ensure recognition in good standing by an educational accreditation organization such as the State Board of Education or the National School Accreditation Board; (c) ensure each client is taught at their appropriate grade level.	☐	☐	☑	☐	☐	This home has not been used in over two years. File review for the program was completed for the Gray house.
R501-1-6(9) The licensee shall ensure clinical and medical staff are licensed or certified in good standing and any unlicensed staff are appropriately supervised	☐	☐	☑	☐	☐	This home has not been used in over two years. File review for the program was completed for the Gray house.
Residential Program Additional Administration and Direct Services Requirements	**R**	**UR**	**NA**	**Corrected During Inspection**	**Technical Assistance Given**	**Notes**
R501-1-7(1) A residential program licensee shall additionally: (a) ensure each staff shift list remains current and available to the office upon request; (b) ensure that each shift documents any illness, injury or critical incident and passes it on to the next shift and administration; (c) ensure at least two on-duty staff are present at all times; (d) ensure access to a medical clinic or a medical professional familiar with the program and population served; and (e) provide a separate space for clients who are showing symptoms of an infectious disease.	☐	☐	☑	☐	☐	This home has not been used in over two years. File review for the program was completed for the Gray house.
R501-1-7(3) A congregate care program licensee may allow an individual turning 18 to remain in the program if: (a) the individual remains in the custody of a state entity or the individual was admitted and continuously resided in the program for at least 30 days before the individual's 18th birthday; (b) the licensee has a documented need for the individual to remain in the program; (c) the licensee maintains responsibility for discharge to an appropriate setting when clinically appropriate and no later than the day an individual reaches 19 years of age; (d) the licensee outlines a plan for the protection of younger clients by supervising and separating 18-year-old individuals from youth who are more than two years younger; and (e) the individual signs a consent document outlining: (i) the individual is consenting to remain in the program voluntarily and understands the individual is not required to remain against their will; (ii) that any criminal offenses committed may result in being charged as an adult; and (iii) that if the individual is involved in any critical incidents posing a risk to the health and safety of other program residents they may be discharged from the program.	☐	☐	☑	☐	☐	This home has not been used in over two years. File review for the program was completed for the Gray house.

R501-1-7(4) A congregate care program licensee shall ensure weekly confidential communication with family and shall ensure that: (a) the frequency or form of the confidential communication requirement is only modified if the program submits a modification request that demonstrates the following to the office: (i) the program operates in an area of limited or unreliable phone accessibility or coverage; (ii) there is significant risk of harm or danger to client safety by providing youth with unsupervised telephone access; (iii) the licensee offers an alternative that satisfies the requirement of weekly confidential two-way communication; or (vi) extenuating circumstances exist outside the individual treatment plans that are prohibitive to offering voice to voice communication; (b) a parent or guardian authorizes in writing an alternate means of confidential communication when voice to voice is unavailable; and (c) the licensee offers voice to voice confidential communication as soon as it can be safely offered.	☐	☐	☑	☐	☐	This home has not been used in over two years. File review for the program was completed for the Gray house.
R501-1-7(6)(a) A residential program licensee, excluding a residential treatment program, may allow for client independence and responsibility for their own supplies, food, laundry, or transportation by outlining in writing resources and responsibility for the provision of these items. (b) Each residential program licensee shall assist clients on a limited basis if they are temporarily unable to provide the items or services listed in Subsection R501-1-7(6)(a) for themselves.	☐	☐	☑	☐	☐	This home has not been used in over two years. File review for the program was completed for the Gray house.
Program Physical Facilities and Safety	**R**	**UR**	**NA**	**Corrected During Inspection**	**Technical Assistance Given**	**Notes**

Program Staffing	**R**	**UR**	**NA**	**Corrected During Inspection**	**Technical Assistance Given**	**Notes**
R501-1-15(1) The licensee shall ensure adequate staffing to safely supervise the current population, including adding more staff than required by the usual staffing ratio as needed to manage behaviors, dynamics, and individual client treatment and supervision needs.	☐	☐	☑	☐	☐	This home has not been used in over two years. File review for the program was completed for the Gray house.
R501-1-15(2) The licensee shall identify a manager or qualified designee who is immediately available when the program is in operation or there is a qualified and trained substitute when the manager is absent or unavailable.	☐	☐	☑	☐	☐	This home has not been used in over two years. File review for the program was completed for the Gray house.
R501-1-15(3) A licensee that offers clinical services shall employ or consult with licensed professional staff that include an individual who is familiar with the program and the needs of each client.	☐	☐	☑	☐	☐	This home has not been used in over two years. File review for the program was completed for the Gray house.
R501-1-15(4) The licensee shall ensure that before allowing a direct care staff to work unsupervised they have an approved background clearance except as excluded in Section R501-14-17;	☐	☐	☑	☐	☐	This home has not been used in over two years. File review for the program was completed for the Gray house.
R501-1-15(5) A licensee who serves clients with substance use disorder shall ensure each staff is screened for tuberculosis.	☐	☐	☑	☐	☐	This home has not been used in over two years. File review for the program was completed for the Gray house.
R501-1-15(6) A licensee who serves a client with substance use disorder may not offer, entice, refer, or recommend medical cannabis as treatment for substance use disorder.	☐	☐	☑	☐	☐	This home has not been used in over two years. File review for the program was completed for the Gray house.
R501-1-15(7) A licensee who manages, stores, or administers client medication shall identify a medical professional to oversee the medication management, medication oversight, and staff training regarding medication management and administration.	☐	☐	☑	☐	☐	This home has not been used in over two years. File review for the program was completed for the Gray house.

R501-1-15(8) The licensee shall ensure that each person involved with the prescription, administration, or dispensing of controlled substances maintains appropriate medical or pharmacy licenses and DEA registration numbers	☐	☐	☑	☐	☐	This home has not been used in over two years. File review for the program was completed for the Gray house.
R501-1-15(9) The licensee shall create and maintain personnel information for each staff member, contracted employee, and volunteer.	☐	☐	☑	☐	☐	This home has not been used in over two years. File review for the program was completed for the Gray house.
R501-1-15(10) The licensee shall ensure that personnel information includes: (a) any applicable qualification, experience, certification, or license; (b) any approved and current office background clearance, except as excluded in Rule R501-14; (c) a provider code of conduct that is signed by the staff member, contracted employee, or volunteer; (d) any pre-service and annual training records with the date completed, topic, and the individual's signed acknowledgment of training completion; (e) any grievances or complaints made by or against the individual and actions taken by the program; & (f) each crisis intervention or critical incident report involving the individual.	☐	☐	☑	☐	☐	This home has not been used in over two years. File review for the program was completed for the Gray house.
R501-1-15(11) The licensee shall ensure that at least one CPR and First Aid-certified staff member is available when staff and clients are present unless a currently licensed healthcare professional is present.	☐	☐	☑	☐	☐	This home has not been used in over two years. File review for the program was completed for the Gray house.
Personnel Training Requirements	**R**	**UR**	**NA**	**Corrected During Inspection**	**Technical Assistance Given**	**Notes**
R501-1-16(1) The licensee shall ensure that each staff receives pre-serving training on the following topics before being left unsupervised and within 30-days of hire: (a) program policies, procedures and safe practices as outlined in Section R501-1-5; (b) program emergency preparedness, response, and recovery plan, including at least: (i) emergency procedures to instruct staff how to address incident reporting, continuity of care, transport, relocation, and client health and safety during natural disasters, extreme weather events, fire, utility or structural failures, or other unexpected disruptions to the program service; and (ii) instructions to staff regarding how to report and respond to significant criminal activity and significant medical emergencies; (c) CPR and First Aid; (d) client eligibility, emphasizing the behaviors and circumstances the program can safely manage; (e) staff involvement and responsibility in the intake, discharge, and unplanned discharge processes; (f) client rights; (g) supervision and ratios; (h) as applicable, medications management, storing, and administration; (i) as applicable, food handling as outlined in Subsection R501-1-10(3); (j) background checks; (k) prevention, signs and symptoms of abuse and neglect, including sexual abuse, and legal reporting requirements; (l) provider code of conduct as outlined in Rule 380-80; (m) non-discrimination policy in accordance with Section 26B-2-109 that includes a prohibition of abuse, discrimination, and harassment based on sex, gender identity, or sexual orientation; (n) staff and client grievance procedures; (o) crisis intervention; (p) appropriate use of restraint and seclusion;	☐	☐	☑	☐	☐	This home has not been used in over two years. File review for the program was completed for the Gray house.

(p) appropriate use of restraint and seclusion; (q) de-escalation techniques; (r) appropriate searches; (s) appropriate and inappropriate behaviors of clients; (t) appropriate and inappropriate staff responses to client behaviors; and (u) if applicable, staff response to a client leaving a program without permission.						
R501-1-16(2) The licensee shall ensure each staff completes the following training topics each year, based on the program's license date: (a) program policies, procedures and safe practices as outlined in Section R501-1-4; (b) general provisions and applicable categorical licensing rule; (c) client eligibility, as outlined in Subsection R501-1-6(1)(e), emphasizing the behaviors and circumstances the program can safely manage; (d) staff involvement and responsibility in the intake, discharge, and unplanned discharge processes; (e) provider code of conduct as outlined in Rule R380-80; (f) program plan for the prevention or control of infectious and communicable disease to include coordination with and following any guidance of the state or local health authorities, Center for Disease Control, and the department; (g) emergency procedures to instruct staff how to address incident reporting, continuity of care, transport, relocation, and client health and safety during natural disasters, extreme weather events, fire, utility or structural failures, or other unexpected disruptions to the program service; (h) program rules regarding firearms that does not conflict with constitutional or statutory rights regarding concealed weapons permits as described in Title 53, Chapter 5, Part 7, Concealed Firearms Act; (i) smoking rules in accordance with Title 26B, Chapter 7, Part 5, Regulation of Smoking, Tobacco Products, and Nicotine Products; (j) how to manage clients who screen with elevated suicide risk levels; (k) general incident reporting; (l) prevention, signs, and symptoms of abuse and neglect, including sexual abuse, and legal reporting requirements; (m) CPR and first aid; (n) if storing and administering medications, training required to administer medication and the process to be followed; (o) training to identify and address in a residential or congregate care program: (i) clients who pose a risk of violence; (ii) what constitutes contraband, possession of contraband, and how the program ensures restriction of client access to contraband and dangerous weapons or materials; (iii) clients who are at risk for suicide; (iv) managing clients with mental health concerns; and (v) identifying the signs and symptoms of clients presenting under the influence of substances or alcohol; (p) if the licensee manages funds for client allowances, training to document each expense; and (q) appropriate use of any alternate sleeping arrangements in a residential or congregate care program.	☐	☐	☑	☐	☐	This home has not been used in over two years. File review for the program was completed for the Gray house.

Congregate Care Residential Treatment Programs - Inspection Checklist

(Revised Jan 2026)

R = Reviewed.
UR = Under Review. Under Review indicates evidence of potential noncompliance.
NA = Not Assessed during this inspection.

Administration	R	UR	NA	Corrected During Inspection	Technical Assistance Given	Notes
26B-7-117(3) A person that is licensed by the department to provide residential treatment for a substance use disorder shall include as part of the person's admissions materials a question asking whether the individual seeking treatment has ever received services from a syringe exchange program.	☐	☐	☑	☐	☐	This home has not been used in over two years. File review for the program was completed for the Gray house.
R501-19-4(2) Any qualifying residential treatment provider: (a) may not deny any client services solely based on a client receiving medication assisted treatment; and (b) shall ensure any client continues the medication assisted treatment while receiving services from the provider.	☐	☐	☑	☐	☐	This home has not been used in over two years. File review for the program was completed for the Gray house.
R501-19-4(3) Each residential treatment provider shall ensure its policies include client privacy accommodation in each bedroom space while ensuring client health and safety	☐	☐	☑	☐	☐	This home has not been used in over two years. File review for the program was completed for the Gray house.
R501-19-4(4) Each residential treatment provider serving a child shall: (a) provide direct supervision that meets supervision and ratio requirements discribed in this section; (b) ensure two direct care staff are always on duty; (c) maintain a staff-to-client ratio of one staff to every four clients except: (i) as otherwise required by a Department of Health and Human Services (department) contract; or (ii) to reduce ratios to one staff to every 16 clients during client sleeping hours; (d) only decrease the number of staff as described in this section if: (i) each client is appropriately supervised to ensure health and safety at the ratio; and (ii) each direct care staff remains awake while on duty. (e) increase the staff-to-client ratio as necessary to ensure the health and safety of the current client population. (f) only allow direct care staff to perform direct supervision with line of sight check-ins every 15 minutes; (g) ensure that any direct care staff member assigned to a client's one-on-one supervision is not counted at the same time in the staffing ratio for any other client, except in an emergency situation; (h) only utilize on-site video surveillance to directly supervise a client in time out or seclusion or as an enhancement to minimum supervision ratio requirements; (i) conduct and document physical check-ins every 15-minutes when a client is being monitored by video; and (j) only use video surveillance in a bedroom: (i) with client, parent, or guardian permission; (ii) when there is a documented need; (iii) when the provider monitors any camera or physically checks in at intervals of 15 minutes or less; (iv) when video surveillance complies with R539-3 for serving an individual with disabilities.	☐	☐	☑	☐	☐	This home has not been used in over two years. File review for the program was completed for the Gray house.
R501-19-4(5) Each residential treatment provider serving a child may provide step-down privileges including authorized departures from the program and unsupervised time, if the provider: (a) maintains a staff-to-client ratio of one direct care staff to every four clients; (b) documents in the client record and communicates to each of the client's direct care staff: (i)the individualized justification for the step-down privileges; and (ii) which privileges are authorized by a clinical professional; (c) obtains written parental or guardian consent before allowing step-down privileges; and (d) provides a policy to each client and parent or guardian that includes: (i) a description of what constitutes authorized departure and unsupervised time; (ii) a description of how each step-down privilege, including authorized departure or unsupervised time, is achieved or rescinded; (iii) a statement that the provider will immediately communicate to each client parent or guardian and direct care staff when any step-down privilege has been rescinded; and (iv) a statement that no step-down client is allowed to perform any direct care staff duty.	☐	☐	☑	☐	☐	This home has not been used in over two years. File review for the program was completed for the Gray house.
R501-19-4(6) Each residential treatment provider shall make any necessary accommodation to allow a child to continue that child's education with a curriculum approved by the State Board of Education.	☐	☐	☑	☐	☐	This home has not been used in over two years. File review for the program was completed for the Gray house.

R501-19-4(7) Each residential treatment provider that offers education shall use a curriculum that is recognized by an educational accreditation organization, including the State Board of Education or the National School Accreditation Board.	☐	☐	☑	☐	☐	This home has not been used in over two years. File review for the program was completed for the Gray house.
R501-19-4(8) (a) In addition to the behavior management policy and training requirements listed in Rule R501-1, each residential treatment provider serving youth shall ensure each direct care staff member is trained through a nationally or regionally recognized curriculum and can recognize the difference between a restraint and an emergency safety intervention. (b) An emergency safety intervention may not be used as a behavioral compliance method. (c) The provider shall only use an emergency safety intervention to ensure immediate safety of a client or staff member. (d) An emergency safety intervention is subject to each requirement of a restraint for reporting, debriefing, clinical reviews, and training. (e) An emergency safety intervention may exceed the limitations of any restraint listed in Rule R501-1 with documented justification explaining why a regular restraint or other less intrusive intervention was not used	☐	☐	☑	☐	☐	This home has not been used in over two years. File review for the program was completed for the Gray house.
R501-19-4(10) Each residential treatment provider providing services to a substance use disorder client shall: (a) only admit a substance use disorder client with a level of care that falls within American Society of Addiction Medicine levels 3.1 through 3.5; and (b) obtain any required license before providing any service to a substance use disorder client outside of the residential setting with a level of care described in Subsection (10)(a), unless otherwise outlined in categorical rule.	☐	☐	☑	☐	☐	This home has not been used in over two years. File review for the program was completed for the Gray house.
R501-19-4(11) Each residential treatment provider that allows a client to participate in food preparation shall ensure the client is trained in safe food handling practices and the provider justifies the client's participation in writing.	☐	☐	☑	☐	☐	This home has not been used in over two years. File review for the program was completed for the Gray house.
R501-19-4(12) Each residential treatment provider shall provide individual, group, and family counseling or other treatment, including skills development, at least weekly or as outlined in the individual's treatment plan.	☐	☐	☑	☐	☐	This home has not been used in over two years. File review for the program was completed for the Gray house.
R501-19-4(13) A clinical professional shall oversee any therapeutic services conducted in the therapeutic environment including: (i) life skill development; (ii) psychoeducation; and (iii) social coaching.	☐	☐	☑	☐	☐	This home has not been used in over two years. File review for the program was completed for the Gray house.
R501-19-4(14) Each residential treatment provider shall document the time and date of each service provided to each client and include the signature of the individual providing the service.	☐	☐	☑	☐	☐	This home has not been used in over two years. File review for the program was completed for the Gray house.
R501-19-4(15) Each residential treatment provider shall provide indoor space for free time and informal client activities.	☐	☐	☑	☐	☐	This home has not been used in over two years. File review for the program was completed for the Gray house.
Requirements for Intermediate Secure Treatment	**R**	**UR**	**NA**	**Corrected During Inspection**	**Technical Assistance Given**	**Notes**
R501-19-5(1)(a) Each intermediate secure treatment provider shall clearly define in policy the responsibilities of the manager described in Section R501-1-15. (b) The provider shall ensure the manager described in Subsection R501-1-15(2): (i) is at least 25 years old; (ii) has a bachelor's degree or equivalent training in a human service-related field; and (iii) has at least three years management experience in a residential or secure treatment setting.	☐	☐	☑	☐	☐	Program is not intermediate secure.
R501-19-5(2)(a) Subsection R501-19-4(4)(c) does not apply to an intermediate secure treatment provider serving youth. (b) An intermediate secure treatment provider serving youth shall maintain a staff-to-client ratio of one staff to every five clients.	☐	☐	☑	☐	☐	Program is not intermediate secure.
R501-19-5(3) Each intermediate secure treatment provider shall ensure that each direct care staff working in an intermediate secure treatment program: (a) is trained to work with a child with behavioral or mental health needs; and (b) works under the supervision of a licensed clinical professional.	☐	☐	☑	☐	☐	Program is not intermediate secure.

R501-19-5(4) Each intermediate secure treatment provider shall ensure each direct care staff completes 30 hours of additional training annually regarding: (a) client record and incident documentation; (b) client rules; (c) human relations and communication skills; (d) maintaining staff, client, and visitor safety in a secure setting; (e) problem-solving and guidance ; (f) the special needs of children and families; and (g) universal precautions for blood-borne pathogens.	☐	☐	☑	☐	☐	Program is not intermediate secure.
R501-19-5(5) Each intermediate secure treatment provider shall incorporate the use of fixtures and furnishings that help limit self-harm and suicide including: (a) non-exposed fire sprinkler heads; (b) plexiglass or safety glass; (c) pressure release robe hooks; (d) recessed lighting; and (e) sealed light fixtures.	☐	☐	☑	☐	☐	Program is not intermediate secure.
Specialized Services Required to Serve Clients Under the Division of Services for People with Disabilities	**R**	**UR**	**NA**	**Corrected During Inspection**	**Technical Assistance Given**	**Notes**
R501-19-6(1) Each residential treatment provider serving a Division of Services for People with Disabilities (DSPD) client shall: (a) apply for any unearned income benefits for which the client is eligible, in conjunction with the support coordinator for DSPD and each client's parent or guardian; (b) develop and adhere to policies and procedures governing the daily operation and activity available and applicable to each client or visitor; (c) ensure the facility is located within a reasonable distance from a: (i) church (ii) recreation or other community facilities and (iii) school; (d) maintain a record of income and client service fees; (e) maintain a record of each fund deposited with the residential facility for client use; (f) maintain a list of each deposit and withdrawal; (g) maintain a receipt signed by the client and professional staff for any purchase over $20; (h) maintain a record of each client's petty cash fund; (i) present each client with an individual plan that addresses appropriate day treatment; (j) share a monthly activity schedule with each client; and (k) specify, in policy, the amount of time any non-client individual may stay as an overnight guest.	☐	☐	☑	☐	☐	Program is not DSPD.
R501-19-6(2) If there is a conflict between this rule and the settings final rule, as defined in Rule R501-1, the settings final rule shall prevail.	☐	☐	☑	☐	☐
