Licensing received a provider reported incident on 6/24/2024 for ELS Case #022196.

Program Coordinator Rice reviewed camera footage for provider reported incident. This incident happened at EMCC on the East Dorm.

Resident and peer were observed horseplaying in the common area of the dorm. Peer was observed picking up the resident. It appeared that the peer accidentally dropped the resident from his facial expression. A staff member was observed in the common area and aided the resident after he hit the floor, ratio 1:6. It appeared that the resident fell on his face.

The peer was observed moving backwards with his hands in the air away from the resident. The staff member and another peer assisted the resident off the floor. The resident was observed with one hand on his face and another on his knee. Resident was also observed limping. Facility informed Program Coordinator that resident was on assault precautions prior to this incident.

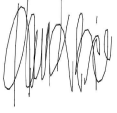

Resident was observed being escorted off the dorm. About 12 minutes later, Program Coordinator observed resident entering back on the dorm with an ice pack and still limping with his pants over his knee. Facility reported that resident returned to the dorm after being assessed by the nurse.

Facility will be cited for 405.5, staff member did not provide level of supervision necessary to ensure safety. Staff member did not intervene when peer picked up resident before the resident was accidentally dropped by his peer.
