Notice of Serious Incident

Case Number: 028907

Date of Incident: 4/10/2025

Date Received: 4/10/2025

Facility Name: Youth Home, Inc.

Facility Number: 128

Incident Type: Licensing

Report Description: Incident Report for [REDACTED]

[REDACTED] client in our PRTF program and resides in [REDACTED] Incident Report

date/time: 04/10/25 8:45am Location of Incident: [REDACTED] Incident Description:

Patient Injury, [REDACTED]

[REDACTED] Events Leading: Upon entering the classroom where [REDACTED] is located at the school, Staff approached [REDACTED] to inquire about his behavior last night. [REDACTED] told staff that he had been thrown to the floor by a Team Member hitting his nose on the floor and that the Team Member had twisted his arm behind his back. [REDACTED]

[REDACTED] The team member is suspended until the results of the investigation have been completed. [REDACTED] fell during this restraint and we think that his nose is broken. He has been sent out to [REDACTED] for an evaluation and I will send the [REDACTED] paperwork as soon as we receive it.

Interim Action Narrative: Staff member was suspended pending investigation. Resident was evaluated at urgent care.

[REDACTED] Narrative:

Licensing Narrative: Licensing reviewed complaint for licensing concerns. Facility provided documentation for this incident. 4/11/2025, Licensing requested for camera footage to be saved for review. Licensing spoke with another entity who reported no concerns. Facility provided licensing with more documentation. 4/15/2025, licensing reviewed camera footage and requested witness statements from the staff members involved in the restraint. 4/17/2025, facility provided witness statements from staff members. Witness statements reviewed and uploaded. Program Coordinator informed the facility that licensing need to speak with the staff members observed on the camera footage. 4/21/2025, spoke with staff members [REDACTED] via telephone. 4/23/2025, licensing requested the name and phone for the other staff member to be interviewed. 4/24/2025, facility provided licensing with the name of the other staff member. 4/25/2025, licensing spoke with staff member [REDACTED] via telephone. 4/28/2025, case unfonded by licensing. 521 completed and sent to facility for signature. Documentation and interviews reviewed. Case complete. 5/16/2025, licensing inquired if staff member named in this complaint returned to work. Facility reported that staff member has not returned but will be retrained upon return and documentation will be provided. 5/21/2025, followed up with facility to see if staff member has returned. 5/30/2025, licensing inquired if staff member has returned to work. 6/2/2025, facility informed licensing that staff member has not returned to work.

Narrative:

Time of visit: 12:30 to 1:30 pm

Census: 8

Licensing received a complaint on 4/10/2025 for ELS Case #028907.

Program Coordinator Slade met with Mr. Jon Pulliam and reviewed camera footage for this complaint. This incident took place at Siebert School located on campus.

Before the incident, staff members and residents were observed entering and leaving through the entrance doors. A nurse was observed walking through the entrance door with a medication cart.

At 6:50 pm, licensing heard the code "Dr. Scholls" being called (kid on the run). It was communicated over the walkie talkie of the resident leaving campus. At 6:52 pm, the resident was observed being escorted back in the building, ratio 2:1. A staff member was on each side of the resident guiding him into the library. Resident could be heard yelling while being escorted. There were six (6) other staff members in the area that followed behind the escort.

The resident was observed struggling to get out of the escort. When the resident and two staff members entered the doorway of the library, the resident was observed trying to head butt the staff member named in this complaint. Once the resident and staff members entered the library, the lights did not come on until motion was detected. The library lights are sensor activated.

Licensing observed the resident and staff members going toward the floor right before the light came on. The resident was observed struggling to get out of the escort. Licensing observed what appeared to be the resident's hand in the air freely. Seconds later, licensing heard the resident yelling about his nose. Due to the light not being on when the resident and the staff members went toward the floor, licensing could not determine how the resident's nose got injured.

The staff members at the doorway of the library were observed removing items from the library and assisting the staff members and resident from the floor. Licensing observed the staff member to the left side of the resident swapping out for another staff member to take over. The nurse was observed entering the library to assess the resident.

4/17/2025, licensing reviewed the witness statements provided by the facility.

Licensing interviewed three (3) staff members on 4/21/2025 and 4/25/2025.

Staff Member 1 reported that code Dr. Scholls was called due to the resident leaving off campus. Staff Member 1 stated that the resident was jogging in a fast pace from the school and ran across the street. Staff Member reported that she was behind the resident the entire time. Once by the resident, Staff Member 1 reported that she asked the resident if she could wipe the dirt off his face. The resident complied and then informed Staff Member 1 to stop touching him before walking away from her. Per Staff Member 1, a male staff member placed the resident in a restraint with her assistance. Staff Member 1 reported that once the resident got aggressive, she let the resident go. The resident knocked off her glasses and hat. Staff Member 1

stated that the staff member mentioned in this complaint took over and the resident was escorted into the school. Staff Member 1 did not see what happened in the library due to going to a different classroom once entering the school.

Staff Member 2 reported that the resident was across the street when he observed staff members using verbal de-escalation as the resident was going into someone's yard after he crossed the street. During this time, Staff Member 2 was on his cell phone with the doctor providing an update on what was going on. Staff Member 2 stated he did not see the resident being escorted into the school. However, when Staff Member 2 arrived in the library he observed the resident face down with a staff member on both sides. Per Staff Member 2, the resident was observed spitting and kicking at staff. Staff Member 2 reported that he asked for the staff member mentioned in this complaint to tap out so that the restraint could be repositioned. Staff Member 2 and the other male staff member repositioned the restraint the resident was able to calm down.

Staff Member 3 reported she did not observe the restraint. When she entered the library the resident and staff members were positioned in the restraint with the resident laying on his stomach. As Staff Member 3 approached the library, the staff members were beginning to reposition the restraint. Staff Member 3 informed licensing that she offered verbal de-escalation to the resident to encourage him to calm down.

Per witness statements and staff member's interviews, no staff member reported seeing the staff member named in this complaint cause harm to the resident.

Licensing complaint #028907 is UNFOUNDED for violations of Minimum Licensing Standards

- **109.1.g** Unprofessional conduct in the practice of child welfare activities shall include without limitation: (g) Engaging in behavior that could be viewed as sexual, dangerous, exploitative, or physically harmful to children.
- **905.4.g** The following disciplinary actions shall not be used: (g) Physical injury or threat of bodily harm.
- **905.9** Physical restraints shall be performed using minimal force and time necessary. Physical restraint means the application of physical force without the use of any device, for the purpose of restraining the free movement of a resident's body. Briefly holding a child without undue force in order to calm or comfort them or holding a hand to safely escort a child from one area to another, is not considered a physical restraint.

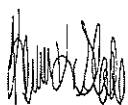

This complaint has been UNFOUNDED by licensing.

***** Pursuant to A.C.A. § 9-24-406(e) (3-4): If you believe that the Department's notice of noncompliance is in error, you may ask for reconsideration. The request for reconsideration must be in writing and delivered to the Department by certified mail within twenty (20) business days of receipt of the notice of noncompliance. The request must specify the parts of the notice that are alleged to be in error, explain why you believe those parts are in error, and include documentation to support the allegation of error. Once received the Department shall issue a decision on your request within twenty (20) days after receipt of the request.
