

Notice of Incident

Case Number: 030395

Date of Incident: 6/9/2025

Date Received: 6/10/2025

Facility Name: Youth Home, Inc.

Report Description: Incident Report for [REDACTED] client in our PRTF program and resides in Sturgis House Incident Report date/time: 06/09/25 5:25pm Location of Incident: Sturgis House Intervention Type: Acute Placement Incident

Description: Aggressive to Peers Staff Involved: [REDACTED]

[REDACTED] Events Leading: Patient was placed on Freeze earlier in the day because he cursed at a peer that came across as bullying. When staff told him this he became extremely angry and started to curse at staff and throw objects at them. He also flipped over a trash can and flipped over tables. He ended up talking with a staff member in the comfort room for about 15 - 20 minutes and calmed down. He then spoke with the nurse before going back to his room. He then started to come out of his room constantly saying he needed to go to the bathroom. He kept walking by a particular patient and this patient became frustrated and said that [REDACTED] was instigating and cursing at him. This peer tried to distance himself as much as possible and staff spoke with this peer in private to help them calm down. Afterwards this patient got in line to go to the cafeteria. [REDACTED] then walked towards the line and punched this patient in the face and laughed. Staff did not restrain him but he walked him to the comfort room. Nursing Assessment date/time: 06/09/25 6:00pm: Client reportedly attacked peer unprovoked. Client was administered Zydys 5mg ODT. Client right hand 3rd digit has small abrasion to the proximal phalange. TAO and clean bandage applied. Client is processing with staff and showing signs of calming down. Client states he could not control himself and he hit peer ZS in the face. Client went to his room and rested. [REDACTED]. Client left via [REDACTED] around 9:35pm. Guardian was notified on 06/10/25 at 1:58pm. [REDACTED] was discharged from Youth Home due to his payer and will be readmitted upon discharge from acute.
