Youth enjoys skating and relaxing. Youth does not like the food very much that the program provides. However, the youth does enjoy eating macaroni & cheese, Top Ramen, and drinking smoothies. The Executive Director is working almost full time and is available four days a week. June 15th is the Executive Director's last day. The agency is interviewing and scheduling more interviews for the Executive Director Position. It was reported that the program is providing more structure and consistency when working with the youth. Staff are feeling confident with working with the youth. Administration is modeling for staff on how to be more consistent when working with the youth. Recently, administration fired two staff. The agency has scheduled a lot of interviews for open positions before and since the two staff were recently let go. The Program Director stated his goal is to have some new trainings for staff. Currently, the agency has two youth in the program and one in the hospital. The program is hoping to have two new youth move into the program soon.
