Narrative:

Time: 9:30 a.m. – 10:30 a.m.

Census: 35

Licensing received a provider reported incident on 03/14/2025 for ELS Case #028274.

Licensing Specialist reviewed camera footage for this provider reported incident with Ms. Sherika Williams, Ms. Shannon Rouse, Ms. Fatima Stepps, and Mr. Justin Smith.

The incident began at 8:34 a.m. and ended at 8:42 a.m. Licensing Specialist observed on video, the AO (staff) and AV (resident) on Unit 2 foyer walking and talking. Licensing Specialist observed and heard the AO (staff) redirecting the AV's (resident) behavior. The AV (resident) was observed walking closer toward the AO (staff). The AV (resident) was observed trying to hit and spit on the AO (staff).

The AO (staff) was observed placing her hands in the AV's (resident) face and the AO (staff) tapped the resident on the shoulder after the AV (resident) spit on the AO (staff). The resident remained upright and did not fall after the AO (staff) tapped the AV (resident) on the shoulder. The resident calmed down after the additional staff arrived immediately to the location of the incident. The A/O left once the additional staff arrived.

Facility will be issued a TA for standard 109.1.g, staff member used an inappropriate deescalating technique.

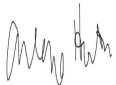

***** Pursuant to A.C.A. § 9-24-406(e) (3-4): If you believe that the Department's notice of noncompliance is in error, you may ask for reconsideration. The request for reconsideration must be in writing and delivered to the Department by certified mail within twenty (20) business days of receipt of the notice of noncompliance. The request must specify the parts of the notice that are alleged to be in error, explain why you believe those parts are in error, and include documentation to support the allegation of error. Once received the Department shall issue a decision on your request within twenty (20) days after receipt of the request.

Provider Comments:

We feel the AO staff involved was attempting to block the AV from getting closer to the AO staff as the AV tried to move forward to spit in the AO staff's face. In doing this, the AO staff extended the right arm and ended up tapping the AV on the shoulder while the AO staff continued to move back to enter into the office. This is not considered a de-escalation procedure. The video on this incident was used as a teaching tool for the involved staff with reinforcement given on properly using the Teaching Family Model and the different phases of tantrum management to de-escalate negative behaviors and similar situations.
