Interview Summary
2 clients and 1 staff were interviewed as a part of the unannounced site visit. One client was non-responsive and did not provide answers to the questions. The other client reported liking the program a lot and having been at Team Bailey for approximately 3 months. Client reported previously spending time at NorCor and P180 through the Oregon Youth Authority. The best part of the program was reportedly how flexible the program was with work and school, and that clients could cook for themselves and make a food list that staff filled. The hardest part of the program was not being home with family, but it was reported that clients could make phone calls whenever they liked, and there was an option to get their own cell phones. Staff were reported to be “really cool”, and the client reported feeling comfortable reaching out to Kathy or Jaylynn if they needed anything. Client reported feeling safe, and they have 3-4 more months left at the program. Staff interviewed reported having been at the program for 3 years and loving what they do. They reported that they love coming to work every day, and they feel 100% supported by staff and management. 80% of their job is teaching life skills to the residents. Staff reported getting along with all the clients, and that they treat the clients fair and show them respect. Clients prepare their own meals, and staff help when needed. All the clients have jobs or attend school. Staff also noted having CPR/First Aid training that morning.

Observations
A tour was conducted of the Team Bailey Patricia Court site as a part of the unannounced visit. The facility was clean and in good repair; although, a ceiling vent in the bathroom did need cleaning and was vacuumed prior to the completion of the tour. Toilets, sinks and showers were all kept very clean, and the client rooms were spacious, clean and uncluttered. The program van was also viewed and was found to be clean and well-kept as well.
