

Notice of Incident

Case Number: 030558

Date of Incident: 6/16/2025

Date Received: 6/18/2025

Facility Name: Youth Home, Inc.

Report Description: Client: [REDACTED] Resides in [REDACTED]
house Incident Date: 6/16/25 8:03 PM in Rose House Staff Ratio at the time : 2 staff : 11 Clients
Staff involved: [REDACTED]

[REDACTED] vents Leading: Patient grabbed a paint bottle out of the rec room and placed it under her shirt where staff couldn't see and went into the bathroom. She then drunk (two swallows her words) of paint and came out of the bathroom. When she came out of the bathroom, she told a peer what she did refusing to tell staff, the peer told a certain staff when she walked back into the house. When the staff member went into the rec room, [REDACTED] showed staff her mouth and pulled the bottle out from under her shirt. Patient expressed that she wanted to kill herself, staff then alerted the nurse and everyone else that needed to be aware. Nursing Assessment 6/16/25 @ 8:49 PM: Nurse was called to assess the patient after she reportedly ingested two gulps of Curate + Colour paint. The patient stated she consumed the paint in an attempt to harm herself, taking it from the rec room to the bathroom where the ingestion occurred. When asked about her reasoning, the patient shared that she no longer wanted to live. Upon further questioning, the patient stated she informed a peer, who then alerted staff. She explained that she chose to tell someone because she "didn't want to die alone." When asked if she had any additional plans to harm herself, the patient responded yes--she had also considered drinking bleach. [REDACTED] on room air. The patient reported a headache and stomach discomfort rated 4/10 but declined medication at this time. She also expressed feeling very anxious. The nurse provided therapeutic support and discussed healthier coping strategies for managing anxiety. At the time of nurse departure, the patient was seated in the milieu area with staff supervision. Additional Nursing Progress Note: This nurse was called by house staff at 2012 about pt drank some paint. when this nurse showed up at the house the pt was yelling, "I want to die." "I am not worth it and I'm never going to be worth anything." Staff gave this nurse a 16oz bottle of Curate + Colour paint. Staff informed this nurse that she drank most of the bottle. It felt like there was only a few ounces left in the bottle. This nurse called [REDACTED] and they informed this nurse, "Watch for any vomiting or stomach cramping. After talking with the pt she doesn't feel like she will be any better than a druggie, wouldn't amount to anything. Pt did state she wants to die. On call was notified about what happened and pt was placed on Eyeball, FOH, and supportive status. There was a one time order for [REDACTED] 25mg to give by mouth for anxiety. Consent was given by her mom, [REDACTED] Client was placed on Front of House, Eyeball, and Supportive Status Guardian was contacted regarding the incident 6/16/25 @ 9:20 PM Paint has

now been moved from the rec room, in the house, and locked up in the staff room, where clients do not have access.
