Drills were consistently conducted in the time since the last unannounced visit. The fire drill log was complete and included all required information.**

New Findings from Site Visit	**Comments**
No new findings.	

Interview Summary
During the course of the unannounced visit two clients were interviewed about their experience at Harkins House. Neither client had any prior experience with other programs and based their comments solely on Harkins House. - Harkins House was comfortable and safe. - Staff were nice and fair. One stated their case manager was the first person to actually listen and believe them. - Food is great and enjoyed the opportunity to learn some culinary skills while prepping and cooking meals. - School is good and credits have been much easier to catch up on than while in public school. - Daily phone calls with plenty of time to talk with those on approved list. - Lots of basketball and outside rec each day. Harkins has an outdoor covered area for basketball/volleyball and other activities. - Groups have been good helping to reach out to individuals. - Would like more time for “rec” outside of the program such as walks. - Felt staff could communicate better when consequences are given; have additional conversations around why there was a consequence. - Appreciated there was a lot of 1:1 time with staff for those clients who are struggling. - Staff really care and were okay staying late to help out clients instead of just passing on to the next shift. - One client stated they came in with an attitude, but did a 180 and really embraced the program and help being provided.

Observations
Overall, the program was in good condition and repair. Some of the cleaning that was the responsibility of the clients again needed some work, but I was informed I had arrived just prior to client “chores”, which included tidying up the restrooms. The kitchen, classroom, bedrooms and other common areas all looked presentable and clean. There was some ongoing HVAC work being done and it is close to completion. The skylights had also been repaired since the last visit. There were no concerns noted or new licensing violations found during the visit.

Corrective Actions and Timeframes:

Please submit the following to verify compliance.

Within 45 days of receipt of this report Washington County Juvenile Harkins House must submit a letter of verification indicating the agency is in compliance with the specific rules cited above and describing how compliance will be maintained going forward. Along with the letter of verification, the agency must submit any and all specific documentation requested in the body of this report. The letter of verification and any additional requested documents can be emailed directly to Todd Cooley, todd.cooley@odhsoha.oregon.gov
