**Report Description:**

On July 7, 2025, [REDACTED] was completing her morning hygiene routine. Due to being on suicide precautions, the bathroom door was left slightly ajar for supervision. Staff provided [REDACTED] with five-minute and two-minute warnings to inform her that her hygiene time was nearing completion. When prompted to exit the restroom, [REDACTED] delayed complying. Staff member Latasha Thompson entered the bathroom to check on her and observed that [REDACTED] had placed a jacket around her neck in an apparent attempt to harm herself. Latasha immediately intervened and removed the jacket. The nurse was contacted and responded promptly to assess [REDACTED]. Upon evaluation, the nurse observed red marks around [REDACTED] neck, consistent with pressure from the jacket. [REDACTED] was removed from the restroom and the on-call medical doctor was notified. Following consultation, [REDACTED] was transported to [REDACTED] for evaluation and treatment related to a suicide attempt.
