Report Description: on 5/15/25 Client [REDACTED]

[REDACTED] appeared to have rolled onto or sprained his left ankle earlier today while he was getting out of the donut bench in the boy's unit foyer. By lunchtime, his left ankle became more painful to walk on causing client to walk off balance without putting his left heel down. Client reported pain to the lateral side of his left ankle and heel area. Mild to moderate swelling was noted on exam. An x-ray was ordered of client's left ankle with three views and medical consult with nurse practitioner Melissa.

[REDACTED] The nurse practitioner ordered [REDACTED] for pain/inflammation for 7 days and client also has PRN order for [REDACTED] for pain. Client instructed to rest, elevate, and utilize ice pack. Nurse practitioner will see him this evening.
