Date Received: 5/22/2025

Facility Name: Millcreek of Arkansas PRTF

Facility Number: 233

Incident Type: Licensing

Report Description: Millcreek staff will not allow the AV to go to the bathroom when she wants to go and makes her wait a minimum two hours between bathroom breaks. Staff does not believe that AV has panic attacks and this will cause her to have micro seizures with the panic attacks. Also, two to three months ago the AV fell off the monkey bars and [REDACTED] and staff did not believe the AV. It is believed staff made the AV wait till the next day to get her [REDACTED] out because the AV has a history of over exaggerating.

Interim Action Narrative: Staff 1 placed on administrative leave pending investigation.

Narrative:

Facility visited from 9:45AM -11:00AM in response to **Case #030026**. Census: 158.

Nursing notes, physician notes, initial medical assessment, and MAR provided to licensing and reviewed. Resident 1 fell off the monkey bars on 4/12/25, she was seen by nursing, given Ibuprofen, and reported a pain level of 10/10. Resident 1 was seen by nursing on 4/13/25, given Ibuprofen, and reported a pain level of 5/10. Resident 1 was seen by nursing on 4/15/25 and a physician order was given for an x-ray scheduled for 4/16/25. X-ray completed on 4/16/25 which indicated an acute nondisplaced fracture of the proximal-mid right ulnar diaphysis, arm placed in a splint. Resident 1 seen for follow up x-ray on 5/14/25 which indicated healing and splint removal on 5/28/25. Resident 1 still had arm wrapped up when interviewed during today's visit. Initial medical assessment yields no diagnoses of micro-seizures or panic attacks.

Resident 1 interviewed. When asked, Resident 1 indicated that if she needs to use the bathroom, she asks staff, and they let her go. Resident 1 indicated she has never had an issue with staff allowing her to use the restroom. When asked what a micro-seizure was Resident 1 stated she did not know and had never heard that word before. Resident 1 did state she has panic attacks sometimes when other residents are placed in a hold. When asked about Staff 1, Resident 1 stated she was "a little nice" except for when Staff 1 "gets in my business." Resident 1 stated she felt safe around Staff 1 and facility staff in general. She stated she felt safe telling staff if she felt threatened or unsafe.

Licensing regulation 907.2 reviewed: Childcare staff shall be responsible for providing the level of supervision, care, and treatment necessary to ensure the safety and well-being of each child at the facility, taking into account the child's age, individual differences and abilities, surrounding circumstances, hazards, and risks.

Licensing complaint Case #030026 has been investigated and determined to be **Unfounded** as evidenced by: Resident 1 was routinely seen by nursing and assessed for pain until x-ray was scheduled. Resident 1 reported no issues with being allowed to use the restroom. Resident 1 was unaware of what a micro-seizure was and had no complaints regarding such.
