Licensing Narrative: Licensing reviewed provider reported incident for licensing concerns. Facility provided documentation for this provider reported incident. Licensing inquired about safety plan. Facility reported: "Resident was put on a peer limit wherein she is not allowed to communicate or be without 6 feet of peer. Her classes in school were also switched so she is not in the same class as her peer." Resident was also placed on front of house precaution last night to avoid them being in the same bedroom until room changes can be made. The facility has a doctor's order for the resident to always be in the milieu, and sleep in the milieu as well, so she's not in a dorm room. Licensing inquired about witness statements and camera footage. 3/5/2025, facility reported that resident's bedroom has changed. 3/6/2025, Program Coordinator reviewed camera footage and the facility provided witness statement from the resident. No supervision concerns observed during camera review.

Licensing received a provider reported incident on 3/3/2025 for ELS Cases #027960 and 027962.

Program Coordinator Slade signed in at the receptionist's desk and was greeted by Ms. Diana. Program Coordinator informed Ms. Diana that she needed to see Mr. Anthony White. Program Coordinator and Mr. White reviewed camera footage for ELS cases #027960 and #027962.

This provider reported incident happened at Mabee House and the ratio was 4:11. Residents were in their bedrooms, making phone calls, or completing hygiene. Staff members were observed walking the hall, monitoring phone calls, and talking to the residents. There was a staff member sitting at a table.

Reviewing the camera footage, at 6:01 pm, Licensing observed a female staff member walk the hall. Once the staff member walked to the end of the hall, the staff member could be heard stating something which alerted a male staff member. The male staff member was observed walking toward the hall.

At 6:03 pm, the alleged victim was observed walking down the hall to the dayroom area. The alleged victim was observed walking to the family/group room with two (2) female staff members.

Reviewing the camera footage, supervision was provided by staff. Once the female staff member observed the reported incident, she alerted other staff members, and the alleged victim was removed from the bedroom.

The facility has a safety plan in place and witness statements from the residents have been provided.
