Licensing Specialist E. Breedlove received a complaint stating that resident [REDACTED] was in a physical altercation with a peer when he pushed a female staff member to the ground on 1/11/23. Staff [REDACTED] then reportedly came from behind the resident, pulled him from the door and punched him in the jaw. Staff then reportedly put both hands around his neck and choked him affecting his breathing to some degree. The resident reported that staff [REDACTED] hit him in the face and head 5-7 times.

A review of the camera footage showing the incident was conducted and showed AV [REDACTED] was kicking and punching walls, desk, turning over tables, and snatching light fixtures out the ceiling and exit signs off the walls. AV [REDACTED] was being uncooperative and failing to respond to the request to calm down. His unwillingness to cooperate led to the physical altercation between AV [REDACTED] and AO [REDACTED] at which point AO [REDACTED] failed to use a proper restraint in order to gain control of the situation.

Licensing obtained witness statements from Staff [REDACTED], Staff RN [REDACTED] and staff [REDACTED] and the nursing notes showing the assessment of the resident's condition after the altercation.

The facility confirmed that staff [REDACTED] has been terminated as 1/11/2023.

Licensing is not prepared to leave a finding at this time.
