Facility visited from 1PM-2:30PM in response to **Case#29323**. Census: 161.

Licensing had previously attended interviews with Resident 1 (A/V) and Resident 1's guardian. It was determined by interviews that alleged incident occurred at "midnight" 4/25/25-4/26/25. Resident 1 stated that Resident 2 (A/O) "army crawled" across the unit from his (Resident 2)'s room into his room (Resident 1). Resident 1 drew a diagram of how this happened. When asked Resident 1 stated that staff were "sleeping under the cameras...they always are sleeping with their heads on their desks". Resident stated this happened at "midnight" the night before he called his mom.

Resident 1's guardian, mom, stated that Resident 1 reported to her on the phone alleged incident occurred the night before he called her 4/26/25.

Video reviewed of Deerfield Hall from 4/25/25 at 11:50PM to 4/26/25 at 12:20AM. At no time is any resident seen crossing the unit. Resident 1 and Resident 2's rooms identified in video. There is no way a resident could have crossed the unit out of camera view. Both staff are seen alert, attentive and moving the entire video.

Resident 2 had already been assigned a separate bedroom from Resident 1 from a previous incident. Resident 2 had been placed on sexually acting out precautions as a precautionary measure. Sexually acting out precautions document provided to licensing and reviewed which indicates staff maintain the same level of supervision but immediately intervene in the event of any sexual behavior. Resident 1 has since discharged from the facility on 4/26/25.

Licensing regulations reviewed:**907.2:** Childcare staff shall be responsible for providing the level of supervision, care, and treatment necessary to ensure the safety and well-being of each child at the facility, taking into account the child's age, individual differences and abilities, surrounding circumstances, hazards and risks. Resident 2 was separated from Resident 1. Resident 2 was put on sexually acting out precautions. **907.3:** Staff to child ratio shall be at least one to six (1:6) during waking hours and one to eight (1:8) during sleeping hours. Deerfield staff/child ratio at time of alleged incident 2:9. **907.5:** All childcare shift staff counted in the staff child ratio shall remain awake at all times. Both staff observed in video awake, attentive and moving.

Licensing complaint **Case#29323** has been investigated and determined to be **UNFOUNDED** as evidenced by interviews and video review.
