DPSQA - Complaint

Report Description: The guardian reported that the member became upset after informing the teacher that other students were using inappropriate language in class. In response, the teacher attempted to move the member to a different seat, which the member perceived as a disciplinary action. The member refused to move and engaged in a verbal altercation with the teacher. When he eventually agreed to move, the teacher informed him it was too late, prompting the member to charge at the teacher. The guardian is unsure whether physical contact occurred. The member was then escorted to the office, where he made statements about a desire to harm himself and others. Upon the guardian's arrival, the member became further escalated, did not respond well to what was being said, and charged at his mother. Emergency medical personnel, who were already on site, administered a sedative to calm the member. The member was [REDACTED] then admitted to [REDACTED] for further care.
