1345 hours myself and Arkansas State Police Crimes Against Children, Logan Woynaroski spoke with [REDACTED]. [REDACTED] said she has bruises on her leg because she will not get up in the morning. [REDACTED] made generalized statements and insinuated this was caused by the Perimeter facility staff but

made no disclosure. When asked direct questions about the facility staff that caused injury, [REDACTED] said she did not know, did not know names of staff or what the staff looked like. [REDACTED] continually repeated that she needed to leave the facility. [REDACTED] did not provide a reasoning for needing to leave the facility. [REDACTED] appeared agitated by conversation and questions. [REDACTED] said she injured hand/fingers due to punching the wall. [REDACTED] said she had bruises on her arm from when facility staff had placed her in a restraint hold. [REDACTED] showed me the bruises on her arm. I observed finger-tip like bruises on the inside of [REDACTED] right, upper arm. Pictures were taken. In my experience, bruises similar to the ones on [REDACTED] arm are often by someone gripping the arm. [REDACTED] did not know who caused the bruises but stated she had them after waking up from the restraint hold.

[REDACTED] requested to speak with her case worker. [REDACTED] said she had not been able to speak with her case worker. Facility staff was notified [REDACTED] request to speak with her case worker. Call logs from the facility were obtained to show [REDACTED] spoke with her case worker on Tuesday [4/15/25] and Friday [4/18/25]. Call logs were placed in the case file.

I reviewed video footage. The video footage was difficult to see due to the camera location at the opposite end of the hallway. On 4/23/25 at 0150 hours [REDACTED] was brought into the facility by facility staff. Springdale Police Officers followed facility staff and [REDACTED] into the facility. In the entrance hallway [REDACTED] was placed in a supine restraint hold. The hold lasted approximately 45 minutes and [REDACTED] walked back to the day room at 0235 hours. Approximately 5-7 staff were with [REDACTED] with 2-3 staff maintaining hold of [REDACTED]. It appeared [REDACTED] was administered medication during this time. No violent or aggressive behavior by Perimeter staff was observed.

I reviewed Springdale Police Officer's body worn cameras 2025-00025089. Officers were on scene at Arkansas Children's Hospital with [REDACTED] for approximately over 40 minutes due to [REDACTED] refusing to go with Perimeter facility staff. After that time, Springdale Police Officer transported [REDACTED] to from at Arkansas Children's Hospital to Perimeter. During the transport, [REDACTED] placed the seatbelt around her neck and the seatbelt had to be cut off. [REDACTED] was escorted by Perimeter staff from the patrol unit into Perimeter facility. While being escorted, [REDACTED] resisted Perimeter staff by pulling away, kicking and dropping her weight.

4/24/25

0908 hours I spoke with [REDACTED] case worker, Savannah Chenault. Savannah said [REDACTED] swallowed a battery last night and is now currently at Bridgeway Acute in Little Rock. I asked Savannah if [REDACTED] had mentioned any other allegations during their phone conversation yesterday. Savannah said [REDACTED] was yelling about how Savannah was not listening to her. Savannah said [REDACTED] said she could not talk to Savannah because Perimeter staff were there. Savannah suggested [REDACTED] call back with her therapist. Savannah told me the therapist would not agree to that because last time [REDACTED] had threatened the therapist.

Savannah said [REDACTED] had told her staff had grabbed her arm during a restraint and popped a blood vessel in her hand.

Description:

█████ was interviewed by Inv. Logan Woynaroski and Det. Annelise Hoffman at Perimeter Behavioral Health. The following is a detailed summary. Woynaroski explained the interview and built rapport. Woynaroski asked █████ if she knew why they were there to speak with her, and █████ claimed she was "right", saying that after she had been returned from the hospital the staff had "dragged her" down the hallway and put her into a hold. █████ advised that she had to go to the hospital because she had taken pills and had refused to go back. Woynaroski asked █████ about not wanting to come back, and █████ said she did not want to talk about it. █████ said she did not want to talk to anyone else but her caseworker. █████ said she had been trying to talk to her but couldn't. Woynaroski asked if there was anything █████ was willing to speak with them about and █████ said she "needed out of there". █████ advised that she did not want to talk about why. Woynaroski advised they had heard about bruising, and █████ advised that talking about it "wouldn't do anything" and advised that she had bruises on her legs and arms. █████ advised that she had already spoken with one of the nurses and a social worker at the ER and did not want to talk about it again. █████ continued to state that she "needed out of there". █████ advised she had gotten the bruises on her arms after she had been at the ER. █████ was unsure what the bruises on her arms were from but believed they were from being put in a hold. █████ advised that the bruises on her legs showed up over time and had gotten the first bruise her second week at Perimeter. █████ advised that she had gotten the bruises because she would not get up. █████ advised that staff hit her leg with a closed hand to make her get out of bed but could not identify what staff punched her or what they looked like, saying it was "pretty much all of them". █████ advised these incidents occurred in her room but no one else was in the room when the incidents occurred, and did not talk to anyone about the bruises. █████ made no other disclosures of abuse. █████ said she last spoke with her caseworker on 04/17/2025. █████ said they were "shady and unsafe" at Perimeter. █████ could provide no specific examples of "shady". █████ said the staff would be "mad" for her speaking with investigators but could not describe what happens when staff gets mad. █████ advised that she did not want investigators to leave but could not say what would happen if Investigators left. █████ advised the staff did not say anything to her, and she would roll over and lay back down when the incidents occurred, and it would happen again. █████ confirmed that she did not tell staff the incidents left marks/bruises. Det. Hoffman took pictures of █████ bruises on her arms.
