Description:

On 5/19/25 a report was received from Arkansas State Police Investigator Carley Criswell in regards to a new report.

The DHS snapshot was reviewed and the following is a summary of the report.

Av is [REDACTED] who resides with PRFC [REDACTED]. AO is [REDACTED] who does not reside in the home. My student, [REDACTED], who is an inpatient at the behavioral hospital where I work, informed me today that she was raped at the last facility she was at. The facility's name is Yellow Rock Behavioral Health | Child & Adolescent in Fayetteville Arkansas. [REDACTED] told me there was a boy there who was approximately 16 years old named [REDACTED] (she was not 100% certain as to the last name). She said he invited her into his room and said he needed her. She went into his room, he shut the door and he raped her. She told me she did not report it to anyone at the facility. Both of these individuals were patients at the same mental health facility. [REDACTED] is also concerned about being pregnant. She has requested a pregnancy test. [REDACTED] said she was scared [REDACTED] would hurt her if she told anyone.

Description:

On 05/20/2025 I contacted the facility Yellow Rock Behavioral Health and spoke with [REDACTED] advised the following. [REDACTED] was at the facility between [REDACTED]. She got to the facility at approximately [REDACTED] hours on [REDACTED]. She was housed in a pod with 3 other females. She stated females were not allowed in boys pods and vice versa. She stated there was no way for a female to enter a male pod or room without a facility escort. She stated the facility was housed in Fayetteville, AR at 2805 E Zion Rd until 03/03/2025 when they made the move to Springdale, AR.

I was informed that [REDACTED] had the following medical/behavioral conditions in her file when she was transferred to the facility, [REDACTED] and [REDACTED]. I was also told that in [REDACTED] Master Treatment Plan (MTP) it notated that [REDACTED]. It also notated [REDACTED].

I asked if a [REDACTED] was at the facility during that time. I was told there was no record by anyone with that name or the last name [REDACTED]. The only person in their system with the name [REDACTED] was a guardian of a resident [REDACTED] told me that the video in the facility only lasted three days before being auto deleted.

Description:

On 05/20/2025 I spoke with CACD investigator, Carley Criswell. I was informed [REDACTED] was interviewed on [REDACTED]. During that time, [REDACTED] was vague and did not disclose when this incident happened. This is noteworthy because in the original hotline, the incident was alleged to have occurred on [REDACTED] as "the most recent incident date." Because of this time frame and what I learned during my conversation with Yellow Rock, it was determined this incident possibly occurred in Fayetteville, AR and outside of Springdale, AR jurisdiction.

Carley sent me a copy of the interview with [REDACTED]. The interview was added to evidence.com under this case number. Carley also sent me a copy of a typed narrative. This narrative was typed by an investigator Hernandez who interviewed [REDACTED]. The narrative was added to this report. Carley requested this report from me once completed.

Here is the narrative of the interview from [REDACTED]

Inv. Hernandez met with the AV at [REDACTED]. The interview was audio recorded, the following a summary and not meant to be verbatim. After Inv. Hernandez introduced herself, the AV stated she knew what this was about. The AV stated she was raped by a male patient at another facility. The AV stated it happened at Yellow Rock, but she did not remember where in Arkansas it was. The AV was asked what the word "rape" means to her, she stated its having sex without permission or consent. The AV was unable to tell exactly when this happened, but stated she was [REDACTED]. The AV stated she was raped in the afternoon, the AV described her day that day. She stated after lunch and school, the AO asked her to help him with something in his room. The AV stated the AO's name is [REDACTED], she stated she couldn't remember his last name. She stated [REDACTED] is a white male with dark hair, blue eyes, freckles, tall and skinny. The AV stated she was wearing the same yellow shirt she had one and blue jeans. The AV stated the AO had a white V neck shirt and khakis. The AV stated after they got to the AO's bedroom, he shut the door and pushed her on the bed. The AV stated the AO used his hands to push the AV's breast. The AV stated the AO then got on top of her, she stated she could feel his "thing a ling" on her stomach. The AV was asked to clarify and was sked what does a boy/man use their "thing a ling" for every day, she stated to pee. The AV stated the AO took her pants and underwear off, but she still had her shirt on. The AV stated the AO took out his "thing a ling" and put it inside her vagina. When asked what her vagina could feel she stated pain. When asked what the AO's "thing a ling" was doing when inside her vagina the AV stated she felt something wet shoot inside of her. She also stated something "squirted" inside of her. The AV was asked what the AO's hands were doing when this was happening, she stated his hands were going up and down everywhere. The AV was asked if the AO said anything during this, she stated no. Inv. Hernandez asked if the AV said anything when this was happening, she stated no. Inv. Hernandez asked the AV more about feeling something wet, she stated she felt and saw it. She stated she saw "white cum" in her underwear and she felt it inside of her. The AV stated after the AO pulled it out, she was scared and got dressed. The AV stated afterwards they walked out of the room and the AO told another female patient that the AV was in his room helping him with the shower curtain. The AV stated that the AO was a liar and that he didn't have a shower curtain in his room. Inv. Hernandez asked who the other girl was the AO told and she stated her name is [REDACTED], unknown of spelling. She stated [REDACTED] is a mixed girl with black hair and a butterfly tattoo on her upper arm. The AV was asked if anything like this has happened with the AO before or after, she stated no. The AV was asked if she knew of the AO doing this to anyone else, she stated no. The AV was asked if anything like this has happened at any of the other facilities she has been at, the AV stated no. The AV stated she didn't feel safe at [REDACTED] around the other kids. She talked about arguing and fighting with the other kids, she stated they probably all want to beat her by now. She stated there are girls there threatening to beat her ass. The AV stated she has been in some rights there. The AV had some cuts and scratches on her upper arm, wrist, and neck from fighting. The AV stated they get separated and put in a hold, the AV stated sometimes it is like she's choking. The AV was asked about choking she stated sometimes it is because of how her shirt is and sometimes because they put a mask on her face. The AV stated she has a hard time breathing through a mask. When asked why are they putting a mask on her face she stated because she spits on them. The AV stated she also wants to go to the hospital to take a pregnancy test but [REDACTED] won't take her. Inv. Hernandez asked if she was given a different option for a pregnancy test, and the AV stated she only wants to go to the hospital.

Description:

On 05/21/2025 I contacted and spoke with [REDACTED] via phone call. [REDACTED] was a teacher at [REDACTED] where [REDACTED] is currently located. She also filed the hotline report after [REDACTED] reported to her what had happened. [REDACTED] told me that [REDACTED] reported the incident to her and she believed her to be telling the truth. She stated she had not caught [REDACTED] making false statements to her. I was told that [REDACTED] had not developmental delays and the only thing she was currently being affected by was a medication alteration.

[REDACTED] put [REDACTED] on the phone so I could ask simple follow-up questions in reference to her previous interview. [REDACTED] told me she only stayed at one facility while in Northwest Arkansas, Yellow Rock. She stated the facility was brand new and she stayed in a room with three other girls. She stated there were two separate bathrooms for males and females in different pods. She told me bedrooms do not have individual bathrooms. The boys and girls are separated into different pods and can only be accessed by adults with key cards. Towards the end of the conversation, [REDACTED] stated she was in two different facilities during her time in Northwest Arkansas.

I ended the conversation with [REDACTED]

Description:

On 05/23/2025 I went to the Yellow Rock facility and met with [REDACTED] showed me around the facility including male and female sleeping pods. Male and Female pods are on completely opposite sides of the buildings. In order to gain access through any door in the facility, staff need a key card. There is also a nurse's station at the front of the pod that had observation on the door to access either the bedroom pod or the rest of the facility.

In the pods, there was only two bathrooms, and they were outside the rooms. They could only be accessed if a staff member used a physical key to unlock the door. When the door was closed, it would automatically lock. You could exit the restroom without a key; however, the door automatically closed and would need a key to access from the outside. In order to gain access to bedrooms, staff had to physically unlock the doors with keys. Bedrooms could be exited without a key though.

[REDACTED] showed me the male side of the facility. Access to this portion would be gained through common areas by the gym/recreation area. There were still several key card access points to get into any sleeping area. [REDACTED] told me that males and females are always separated, including during class time. The only time males and females would see each other were in hallways walking past one another or walking past the cafeteria.

It should be noted that on my walkthrough, I never saw a juvenile resident unaccompanied. There was always an adult staff member with the juvenile. From my count walking through the facility, [REDACTED] would have had to pass between no less than three secured doors with key card access and needed a staff member to unlock [REDACTED] room door, for her to gain access. The likelihood of that happening is extremely low.

[REDACTED] also re-confirmed with me that no [REDACTED] was at the facility during [REDACTED] stay there. And there were no records of a female named [REDACTED]

Description:

Based off the information I was provided either in the interview with [REDACTED] the Hotline, or from the facility, the case cannot be proved to have happened. There is no longer any video from the incident and the only way access could have been gained to any parts of the facility was with a staff key card and physical keys. There were no records of a suspect matching the name provided by the victim.

See previous narratives for further information.

This case is being set to an inactive status and forwarded to my supervisor for review.
