I was notified of hotline on the evening of 19 April 2025. It was after 10:00 P.M., parties were separated. Myself and investigator C. Criswell with Arkansas State Police Crimes Against Children's Division (CACD) arranged to meet to interview the victim, [REDACTED] at the facility.

The audio of the interview was recorded and uploaded to Axon. This narrative is not a transcription but a summary of statements. It was only the three of us in the room.

At 10 minutes and 20 seconds [REDACTED] was asked why we were there today. He said "because of yesterday." He began describing an event that occurred with [REDACTED] another resident. [REDACTED] came out of the bathroom, and the door wasn't locked. [REDACTED] said he had diarrhea for three days. He said [REDACTED] is another resident. [REDACTED] went to the bathroom and needed to go really bad, so he shut the door and didn't lock it. He said if he stopped to lock the door it would have been too late for him to make it to the toilet. [REDACTED] walked in, [REDACTED] told him to leave. [REDACTED] pulled down his pants and "started forcing me into give um head and all of that." [REDACTED] started to "freak out".

When it happened, [REDACTED] came back to the bathroom looking for [REDACTED]. She knocked on the door and asked who was in there. He said [REDACTED]. She came and asked twice if anyone else was in there, he replied to her both times no despite [REDACTED] being in the bathroom. [REDACTED] was "shocked and didn't really know what to do." He didn't feel comfortable in that situation. He was continuing to poop while [REDACTED] was doing it to him.

[REDACTED] confirmed [REDACTED] walked out of the bathroom, and [REDACTED] went in after him and didn't lock the door. He was asked what time this happened. He said it was right after they came back from dinner. People were settling down. [REDACTED] watched [REDACTED] go into the bathroom after [REDACTED].

[REDACTED] was asked to describe the bathroom. He said there is a door, toilet, sink, and shower in it. He drew a picture of the bathroom.

[REDACTED] said he walked into the bathroom to the toilet, and [REDACTED] walked in without knocking. [REDACTED] was shocked. He was asked to clarify if [REDACTED] was standing or kneeling or something else, and he replied that [REDACTED] was "started making me give him head."

[REDACTED] said he and [REDACTED] are dating.

[REDACTED] described his feelings as shocked, embarrassed, and disgusted.

He was asked if [REDACTED] said anything. He said no, but he started kissing him. He also said [REDACTED] hid behind a curtain so he couldn't be seen when [REDACTED] came in.

[REDACTED] was asked to explain the kissing. He said he had never been kissed before, and this one doesn't count as a first kiss because it was unexpected. [REDACTED] kept going, and then pulled down his pants. [REDACTED] was kissing [REDACTED] on the lips. He didn't want to, so [REDACTED] forced his lips closed. [REDACTED] used his tongue to open his lips. [REDACTED] told [REDACTED] to get out as soon as he came in. [REDACTED] had locked the bathroom door.

When [REDACTED] was kissing him, his hands were holding [REDACTED] back. [REDACTED] was trying to wiggle his hands off of his back. The hands were over his shirt. [REDACTED] stopped kissing when [REDACTED] said "I don't really like this right now." [REDACTED] hands moved from his stomach to try to push [REDACTED] away.

After they stopped kissing, [REDACTED] pulled down his pants and underwear. [REDACTED] said "his is little" and then said "I don't care" as if he was talking to himself. [REDACTED] told [REDACTED] to leave him alone. [REDACTED] pushed "it into my mouth, and pushed my head down" and it his back, stomach, and legs started hurting. It was hurting that his top body to be pushed down.

[REDACTED] reference his dick when he said it's small. [REDACTED] confirmed that "dick" or peepee reference a penis.

[REDACTED] was wearing tan jeans and black shirt. The shirt had different color stripes.

When [REDACTED] was done he wiped, and tried to pull up his pants. [REDACTED] pushed his pants back down and tried to "insert it", [REDACTED] said no and turned around and pushed [REDACTED] away. [REDACTED] walked to the sink and washed his hands, [REDACTED] pushed [REDACTED] away from the door before he could exit. [REDACTED] said "I'm not going to allow you to come out of the bathroom without giving me"..., [REDACTED] did not finish the sentence. [REDACTED] said he didn't want that, and sat back on the toilet. [REDACTED] walked to the door and was wandering where [REDACTED] and [REDACTED] were. [REDACTED] saw [REDACTED] go into the bathroom and [REDACTED] follow him.

[REDACTED] said he was wearing the same clothes then as he did yesterday, which were black shorts and black shirt.

[REDACTED] was asked to clarify the statement he put his dick in his mouth. [REDACTED] was sitting. He said [REDACTED] dick was in his mouth for maybe two minutes. [REDACTED] hands were on [REDACTED] head, trying to push his head down. [REDACTED] was trying not to let his head go down, but couldn't. That is why his back, stomach, and legs were hurting. It stopped when [REDACTED] knocked on the door.

██████ was asked to clarify what happened when he had already wiped and got up, and ██████ forced his pants back down. He said that occurred after ██████ was walking towards the door. As she was walking, ██████ was watching TV. ██████ heard the door slam from the inside and turned around and looked. ██████ didn't know what has happening, but he saw ██████ walking after ██████

██████ was asked out the comment "he tried to put it in." He clarified that mean putting his penis into ██████ ass. ██████ said "I am going to try and shove it in, no matter if you like it or not." ██████ said "I do not like this." ██████ was standing and was trying to move his way to the door as ██████ was trying to stop him and pull his pants down.

██████ pants were almost on his waist, he pulled up his underwear and pants at the same time. He was walking to the sink at the same time, and then walked to the door. ██████ shoved ██████ away, and he shoved ██████ away. That is when ██████ turned around and looked at them.

When ██████ said he was going to shove it in, he pushed ██████ back down and tried to pull down his pants. ██████ was between the toilet and sink when this happened. ██████ was trying to put ██████ chest against the sink with one hand, and the other hand was trying to pull down the pants. He got the pants a little bit, but ██████ was able to get away. ██████ hand was over his clothes, on the back.

██████ knocked on the door, and ██████ hid. She asked who was in there, ██████ said it was him. She asked twice if ██████ was in there with him, he said no twice. He was afraid. ██████ then walked out and started lying saying ██████ is the one who was doing it. ██████ was talking to another staff, he thinks it was one of the nurses. ██████ and ██████ were there. ██████ walked out next. ██████ was lying and framing him.

██████ was asked how he knows ██████ was lying. ██████ said he was scared and frightened and shocked. He sat back down, his stomach started hurting again. He went to poop again, washed his hands and got out. ██████ and ██████ were there with ██████ when he got out.

██████ said he didn't understand if ██████ dick was hard, soft, or something different. Nothing came out of his dick.

██████ made a disclosure that happened at his home involving ██████.

At the end ██████ asked if ██████ would get charges. I told him that I don't know what's going to happen.

Description:

Det. Samuelson #372 contacted me in order to assist with an interview of a Juvenile suspect on April 23, 2025. Det. Samuelson sent me information and notes in reference to Springdale Case 2025-24834. I observed that the suspect had been identified as [REDACTED]. At approximately 1145 hours [REDACTED] and his mother [REDACTED] arrived at the Springdale Police Department for the interview. [REDACTED] was interviewed in CID Interview room #2. [REDACTED] was read his Miranda Rights with [REDACTED] present and both parties signed stating that they understood. [REDACTED] said that he did want his mother in the room during the interview. The following is a summary of the interview. The full interview has been uploaded to Axon Evidence.

I asked [REDACTED] if he knew why he was being interviewed and he said that he did. I asked [REDACTED] what happened and he told me that [REDACTED] had hid in the bathroom waiting for him to enter, then shut the door behind him, locked it, and covered his mouth. [REDACTED] continued to give an account of what happened that matched nothing in the report, that [REDACTED] stated was different than what she was told, and that was clearly not true. One of [REDACTED] lies was when I asked him about [REDACTED] covering his mouth. I asked [REDACTED] if he tried to get away and he said that he did. I asked [REDACTED] if he pushed or fought with [REDACTED] and he said no. I then asked how [REDACTED] tried to get away and he said that he pushed [REDACTED], in clear contrast with the statement he just made. Because [REDACTED] was continuing to lie despite being confronted about it. After approximately 20 minutes I told [REDACTED] he needed to think about if he was going to continue to lie to me, and stepped out of the room.

When I reentered the room [REDACTED] said that he no longer wanted his mother present in the room. [REDACTED] said that she would allow the interview to continue. I escorted [REDACTED] to the CID Lobby where I gave her instructions on how to terminate the interview while I was in the other room. I went back to the Interview room and [REDACTED] apologized for lying. [REDACTED] started from the beginning and said that he and [REDACTED] had been dating for a few days. [REDACTED] said that he had his friend [REDACTED] tell [REDACTED] to come to his room. [REDACTED] said that he and [REDACTED] were kissing in the room when they decided to go to the bathroom. [REDACTED] said that [REDACTED] went to the bathroom first, and he followed afterwards. Once both parties were in the bathroom they began kissing again and they pulled each other's pants down. [REDACTED] said that they were going to perform oral sex on each other but were interrupted by staff. [REDACTED] said he initially tried to hide, and [REDACTED] covered for him put that he came out when they threatened to open the door and come in. [REDACTED] said that he and [REDACTED] had gotten in trouble while dating for being too close to each other.

[REDACTED] confirmed that [REDACTED] put his mouth on [REDACTED] penis. [REDACTED] said that it was [REDACTED] idea after [REDACTED] said he wasn't going to do it because he was frustrated with [REDACTED] for not listening. [REDACTED] said that [REDACTED] got onto his knees in the bathroom and said that he wanted to do it. [REDACTED] said that there was no time where [REDACTED] told him he didn't want to, implied he didn't want to, pulled away, or any other act that would cause [REDACTED] to believe it was non-consensual. [REDACTED] said that as this was going on his heads were around [REDACTED] head. [REDACTED] said that they did not speak to each other during this time. [REDACTED] said that [REDACTED] was on his knees between the toilet and sink, and that [REDACTED] got onto the toilet when staff knocked. [REDACTED] said that he did not ejaculate, and did not perform any other acts.

[REDACTED] said that he never made any statements towards [REDACTED] about putting anything in his anus. [REDACTED] also said that no threats, physical or otherwise, were used and that they were both "100% in this". [REDACTED] said that he believed [REDACTED] was lying because when they knew they were going to be caught and in trouble, that they both said they were going to blame the other party and say it was all the other person's fault.

I asked [REDACTED] if they ever discussed having anal sex and he said that yes, they did. [REDACTED] said that after [REDACTED] was done sucking his penis that he asked [REDACTED] to put his penis in [REDACTED] butt. [REDACTED] said it was at this time that nurses began knocking on the door, and that he never touched [REDACTED] butt.

I had [REDACTED] describe [REDACTED] and [REDACTED] to assist with identification on camera. [REDACTED] provided no more information about the incident and the interview ended. [REDACTED] was lead back out to the lobby where he was watched by his step-father as the CACD investigator and I spoke with [REDACTED] again.

██████████ of Yellow Rock Behavioral Health informed they need a legal request to release video or reports. I e-mailed a subpoena to Yellow Rock on 25 April 2025 to request video and staff statements.

She replied that times were needed in the request for the video to be released, she provided the times to add for the video. I wrote a new request and e-mailed it to ██████████ on 7 May 2025.

At 10:00 A.M. on 23 May 2025 I met ██████████ at the Yellow Rock facility where she provided the requested documents and a video on a flash drive. She also gave a tour of the facility and showed me the bathrooms.

The bathrooms are single occupant. There is a toilet, sink, and shower in there. The doors does not automatically close on its own. Staff have to use a key to unlock the bathroom for residents. Sometimes a resident will leave the door open for another resident. Currently, when the bathroom door shuts it automatically locks, and there is a second dead bolt lock inside. I asked if the bathroom door would have locked the day the incident occurred. She said she doesn't know, there have been problems with the doors and they keep trying different locking mechanisms.

Description:

Investigation Criswell attempted to interview other residents as witnesses, they said they didn't see or hear anything.

Both juveniles stated oral sex occurred. [REDACTED] said it was consensual, [REDACTED] said it was not. There are inconsistencies with statements from both juveniles.

From the video, [REDACTED] speaks to [REDACTED] before going to the bathroom, and he points to it. [REDACTED] appears to purposely avoid detection from staff as he goes in. He holds the door open and looks out as [REDACTED] walks to the bathroom, and leaves the door open as [REDACTED] directly approaches. This is inconsistent with [REDACTED] written statement and verbal statement during the interview. [REDACTED] claimed he was in a hurry to sit on the toilet and didn't have time to lock the door. When [REDACTED] enters the bathroom on the video, the toilet is partially visible and [REDACTED] is not seated on it.

Based off the video, it appears the residents planned to meet in the bathroom. Video does not match the statements given by either resident. Due to the inconsistencies, I do not find probable cause to charge [REDACTED] with a crime.

I am forwarding this case for supervisor review.
